

## August 2020 Revenue

Egis Technology Inc. (6462:TWO) reports monthly revenue of NT\$692mn for August 2020, an increase of 29.5% from July 2020, but a decrease of 3.8% from August 2019.

Revenue for the year through August 2020 totaled NT\$4,401mn, a decrease of 2.6% compared to the same period in 2019.

As we have previously guided, we expect revenues to rise QoQ in 3Q20, driven by the pull-in strength seen across customers in all segments and regions. Meanwhile, the wafer supply remains tight, and this is also consistent with what we have communicated.
