

# **Egis Technology Inc.**

## **2021 ANNUAL SHAREHOLDER'S MEETING MINUTES**

Stock Code:6462

Time: July 12, 2021 (Monday) at 9 a.m.

Place: 2F, No. 327, Section 1, Tiding Boulevard, Neihu District, Taipei City (Lily Conference)

Total outstanding Egis shares : 69,275,754 shares

Total shares represented by shareholders present in person or by proxy : 40,112,388 shares

Percentage of shares held by shareholders present in person or proxy : 57.90 %

Directors present : Sen-Chou Lo 、 Shih-Hao Ro 、 Ming-Jeng Weng

Chairman : Sen-Chou Lo the Chairman of the Board of Directors

Recorder : Sharon Hsu

**The aggregate shareholding of the shareholders present in person or by proxy constituted a quorum. The Chairman called the meeting to order.**

### **A.Chairman's Address (omitted)**

### **B.Report Items**

Proposal 1

Subject matter: 2020 Annual Business Report.

Explanation: Please refer to Exhibit 1

Proposal 2

Subject matter: 2020 report on review of Annual Financial Statements by the Audit Committee.

Explanation: Please refer to Exhibit 2

Proposal 3

Subject matter: 2020 Annual Remunerations Distribution of Employees and Directors.

Explanation: The annual profit of this Company in 2020 is NTD 802,802,319. The profits shall be distributed in accordance with the provisions of Article 24 in the Articles of Incorporation and the Company Law, and 5%, that is, NTD 40,140,115, shall be set aside as employee remunerations; 1%, that is, NTD 8,028,023, shall be set aside as director remunerations; and the profits shall be distributed in the form of cash.

### C.Ratified

#### Proposal 1

Proposed by the Board of Directors

Subject matter: Approve the 2020 Annual Financial Statements.

- Explanation: (1)The 2020 Annual Individual Financial Statements and Consolidated Financial Statements of the Company have been duly audited by the Certified Public Accountants of KPMG Taiwan, Steven Shih and Sonia Chang, and an unqualified opinion report has been issued for filing. The said Financial Statements and unqualified opinion report have been submitted together with the 2020 Annual Business Report to the Audit Committee for last review.
- (2)The Auditors' Report, Individual and Consolidated Financial Statements (please refer to Exhibit 3 of this Handbook), and Business Report (please refer to Exhibit 1 of this Handbook) are enclosed herewith.
- (3)The above is submitted for ratification.

Voting Results: Shares present at the time of voting: 40,112,378

Voting Results*	% of the total represented share present
Votes in favor: 38,454,378 votes	95.86%
Votes against : 3,790 votes	0.00%
Votes invalid or abstained: 1,654,210 votes	4.14%

RESOLVED, that the above proposal be and hereby was approved as proposed.

#### Proposal 2

Proposed by the Board of Directors

Subject matter: Approved the 2020 Profit Distribution Plan.

- Explanation:(1)The annual profit of this Company in 2020, in accordance with the provisions in the Articles of Incorporation of this Company and the Company Law, is proposed to be distributed to shareholders in cash: specifically, cash dividends of NTD 15,000 per 1,000 shares (that is NTD 15 per share), totaling NTD1,039,136,310.
- (2)Before the ex-dividend date, if the proportion of profit paid to shareholders is accordingly changed because of alterations in law, review of the competent authority and total amount of common shares of this Company (for example, the Company repurchased its shares to transfer to employees or cancel them, increased its domestic capital in cash, or exercised the subscription right of employees, etc.), it is proposed to authorize the board of directors to adjust each condition in this Profit Distribution Plan in accordance with actual outstanding shares on the ex-dividend date.
- (3)Authorize the Chairman of the Board of Directors to fix the ex-dividend base date and other related matters.
- (4)Please refer to Exhibit 4 of this Handbook for the Earnings Distribution Table, and it is submitted for ratification.

Voting Results: Shares present at the time of voting: 40,112,378

Voting Results*	% of the total represented share present
Votes in favor: 38,454,575 votes	95.86%
Votes against : 3,793 votes	0.00%
Votes invalid or abstained: 1,654,010votes	4.14%

RESOLVED, that the above proposal be and hereby was approved as proposed.

## D. Discussion

### Proposal 1

Proposed by the Board of Directors

Subject matter: Amendment to some clauses in “Articles of Incorporation” of the Company.

Explanation:(1)Because of the headquarters’ relocation to Hsinchu City and to meet the practical needs of the Company, the Company intends to amend Article 3 and Article 24-1 of the “Articles of Incorporation”. Please refer to Exhibit 5 of this Handbook for the comparison table of clauses before and after the amendments.

(2)The above is submitted for resolution.

Voting Results: Shares present at the time of voting: 40,112,378

Voting Results*	% of the total represented share present
Votes in favor: 34,647,258 votes	86.37%
Votes against : 3,809,910 votes	9.49%
Votes invalid or abstained: 1,655,210 votes	4.14%

RESOLVED, that the above proposal be and hereby was approved as proposed.

### Proposal 2

Proposed by the Board of Directors

Subject matter: Amendment to some clauses in “Operating Procedures for Acquisition or Disposal of Assets” of the Company.

Explanation:(1)The Company’s 100% subsidiary, Egis Inc., has been dissolved because it no longer has any actual operation function. Therefore, the Company intends to amend some clauses in the “Operating Procedures for Acquisition or Disposal of Assets”. Please refer to Exhibit 6 of this Handbook for the comparison table of clauses before and after the amendments.

(2)The above is submitted for resolution.

Voting Results: Shares present at the time of voting: 40,112,378

Voting Results*	% of the total represented share present
Votes in favor: 38,451,352 votes	95.85%
Votes against : 5,813 votes	0.00%
Votes invalid or abstained: 1,655,213 votes	4.14%

RESOLVED, that the above proposal be and hereby was approved as proposed.

### Proposal 3

Subject matter: Amendment to some clauses in “Procedures for Appointment of Directors and Independent Directors” of the Company.

Explanation: (1)The Company intends to amend some clauses in “Procedures for Appointment of Directors and Independent Directors” based on a letter from the Taipei Exchange dated June 12, 2020 (#10900582661). Please refer to Exhibit 7 of this Handbook for the comparison table of clauses before and after the amendments.

(2)The above is submitted for resolution.

Voting Results: Shares present at the time of voting: 40,112,378

Voting Results*	% of the total represented share present
Votes in favor: 38,453,357 votes	95.86%
Votes against : 3,813 votes	0.00%
Votes invalid or abstained: 1,655,208 votes	4.14%

RESOLVED, that the above proposal be and hereby was approved as proposed.

**E. Extemporary Motions**

Summary of Meeting deliberation:

Question raised by No.2215 shareholder : Please elaborate on your dividend policy, policy of provision making against loss of receivable accounts and plan of investment in future 3 years.

The aforementioned question has been answered by Chairman and CFO themselves.

**F. Close Meeting : July 12, 2021 at 9:52 a.m.**

[Exhibit 1]

Egis Technology Inc.  
2020 Annual Business Report

The 2020 Business Achievements and Business Plan are provided as follows:

1. 2020 Annual Business Achievements

1. 2020 Business Plan Implementation Outcomes

The consolidated operating revenue of the Company for 2020 amounted to NTD 6,224,427,000, representing an increase of NTD 1,134,014,000 from 2019, and a growth rate of -15%; the net profit before tax is NTD 751,482,000 and net profit after tax is NTD 632,559,000, and the consolidated net profit for the current period is NTD 2,460,935,000.

Unit: Thousand NTD

Item	2019	2020
Operating revenue	7,358,411	6,224,427
Gross operating profit	3,137,307	2,690,953
Net operating profit (loss)	1,102,652	850,627
Non-operating revenue and expenditure	(50,451)	(99,145)
Net profit (loss) before tax	1,052,201	751,482
Net profit (loss) after tax	862,681	632,559
Total comprehensive income for the current period	830,085	2,460,935
Basic earnings per share (NTD)	12.60	9.14

2. Status of Budget Implementation

The financial forecast for 2020 was not disclosed by the Company.

### 3. Analysis of Financial Revenue and Expenditure and Profitability

Item		2019	2020
Financial structure	Liabilities to assets ratio (%)	49.14	29.52
	Permanent capital to property, plant and equipment ratio (%)	4,604.57	5,584.74
Solvency	Current ratio (%)	181.77	287.77
	Quick ratio (%)	146.86	227.58
Profitability	Return on assets (%)	17.85	10.66
	Return on equity (%)	33.16	16.83
	Net profit margin (%)	11.72	10.16
	Earnings per share (NTD)	12.60	9.14

### 4. Status of Research and Development

Item	Research and Development Plan	Description of Plan
Software	AI Algorithm	It can extract a large number of feature points on a small-area optical fingerprint image to optimize recognition efficiency and reliability performance.
Hardware	Capacitive fingerprint sensor chip	It is equipped with optimized sensing sensitivity, and can be hidden within the keys of a mobile phone.
	Optical Fingerprint Sensor Chip	It can be used under the protective glass and screen with a thickness up to 1,400um. It provides an under-screen fingerprint recognition solution in response to the latest trend in full-screen mobile phones (including 5G phones and foldable phones).
	AI Algorithm Chip	We developed powerful, low-cost artificial intelligence chips with exclusive identification software to verify user identity and return the results to the device-side application processor to maintain the confidentiality, integrity and security of the user's

Item	Research and Development Plan	Description of Plan
		biometric computing process, while reducing Egis engineers' time spent at the site of mobile phone clients for integrating and debugging various mobile payment programs.
	Time-of-flight Sensor Chip	It provides a 3D Depth Map on the surface of an object. It is suitable for the augmented reality application trend of mobile phones.

## 2. Overview of 2021 Annual Business Plan

### (1) Operational Strategy

In response to the gradual maturity and growing application of biometric recognition technology, the Company is committed to boosting the technological advancement of capacitive fingerprinting and promoting the multiple applications of fingerprint chips, further investing in optical fingerprint recognition and other technological research and development to maintain the Company's technological leadership in the field of biometric recognition; and meanwhile we are committed to expanding the emerging applications of biometric recognition in various industries, including smart phones, mobile devices, financial payments, automotive electronics, etc. and make them the main business direction of the Company, with the goal of expanding the market landscape and spearheading entry into the market.

### (2) Expected Sales Volume and its Basis

The Company will expand the shipment of fingerprint chip applications to major mobile phone brand customers in China in 2021. It is expected that the performance may see a double-digit growth from 2020, and we will continue to expand our global market share of fingerprint recognition chip products.

### (3) Significant Production and Sales Policies

In response to the continuous increase in demands by customers from different markets, strengthening the management and control of costs and the management of inventory are important for production and sales management for the year of 2021. Therefore, the estimation and guarantee of chip fabrication plant capacity, as well as the confirmation of production and sale time shall continue to be improved. In addition, with regard to the management and control of the overall supply chain, the certification and introduction of second-party manufacturers and new suppliers will also continue uninterruptedly to ensure continuous improvement in the quality of products supplied, stable and flawless supply sources, while optimizing the cost structure and strengthening market competitiveness.

## 3. Future Development Strategy of the Company

### (1) Short-Term

1. In the area of hardware development:

The Company's fingerprint matching algorithm embedded with artificial intelligence technology has been used and consistently praised by hundreds of millions of mobile phone users for many years due to its wide market recognition.

In order to maintain the confidentiality (not to be hijacked), integrity (not to be tampered) and security (not to be stolen) of the user's biometric device, the biometric device has been used in a trusted execution environment (TEE) to perform key operations, including secure storage of fingerprint verification, PIN code input, confidential private keys for mobile payment, and isolates improper fingerprint collection, storage, verification processes in TEE; therefore if the phone is jailbroken or rooted, the attacker still cannot obtain the user's fingerprint information.

Due to this phenomenon, the TEE program software requires on-site labor force for testing support, and time for integration and debugging. Therefore, the Company will develop high-performance AI chips to strengthen existing hardware and software computing capabilities.

2. In the area of process improvement:

We work closely with the fab to find out the key to process parameter optimization through the use of big data analysis, machine learning, artificial intelligence and other technologies, to achieve goals such as reducing defects, improving process, error detection, reducing cost and shortening development cycle.

3. In the area of software development:

We use AI technology to strengthen anti-spoofing functions, and introduce a cyclic verification test environment to establish a more solid and safer foundation and achieve more diverse applications.

(2) Long-Term

1. Strengthen the core competitiveness of product design and better understand and more rapidly grasp market trends.
2. For investment in new products and new technologies, we will accelerate the timeline for product introduction through market acquisitions or the introduction of new teams.
3. Solutions for various innovative biometrics will be developed together with

strategic partners to grasp business opportunities while reducing R&D risks.

4. In response to the needs of the customers in the automotive industry, the Company will actively develop ultrasonic fingerprint sensors.

#### 4. Impact of External Competitive Environment, Legal Environment and Overall Business Environment

As optical fingerprint sensing technology is more affordable than ultrasonic sensing technology, there are more companies throughout the entire supply chain that have invested in optical fingerprint sensing technology. With the introduction of such technology by major Chinese mobile phone makers, such as Huawei, Xiaomi, OPPO and Vivo, the application for this technology has seen the fastest development, and there is a great opportunity for the applications to develop in the high-end, and mid-to-high end markets, or even in the mid-end markets at the same time. The main competitors for optical fingerprint technology include Goodix, which is invested in by MediaTek, and Silead, acquired by GigaDevice, among others.

In July 2019, Goodix filed a lawsuit against the Company for infringement of its patents for under-screen optical fingerprint recognition technology, and at the same time appealed to the court to order the Company to immediately cease the shipping of the infringing products, and to pay for such infringement a royalty fee of CNY 50.5 million (NTD 220 million). This move is aimed at slowing down the Company's penetration into other smartphone manufacturers in China, and influencing the decision-making process of these Chinese manufacturers in placing their orders, so that the Company would have to make extra efforts to persuade new customers to adopt our designs.

In February 2020, China National Intellectual Property Administration ruled that Goodix's patent rights to the under-screen biometric identification device, biometric identification components and terminal equipment (patent number: 201820937410.2) were all invalidated; as a result, Goodix lost its cause of action pertaining to its patent infringement claim against the Company. The invalidation of Goodix's patent infringement claim will help Egis expand its market in under-screen fingerprint recognition chips in China.

As Covid-19 continues its expansion, it has been proven that iPhone X and its subsequent models that are equipped with 3D face recognition technology (Face ID) can no longer properly detect the facial features of users wearing a surgical mask. At this time, most people think that this technology is not as practical as fingerprint recognition, so facial recognition seems more

like a drawback rather than a convenience. Before we can see the end of this pandemic, the inconvenience of this shortcoming will become more and more pronounced. As the infrared laser emitted by the infrared transmitter on the structure light depth sensing camera system (TrueDepth Camera) on Face ID cannot penetrate the mask fabric, and Face ID is the only biometric device on new iPhone series, users will have to remove their mask, or otherwise input the password or use the pattern lock to unlock the phone in order to make payment with Apple Pay and purchase apps.

In addition, the recent deployment and development of the global 5G mobile telecommunication network is expected to drive the growth of global 5G mobile phone demand and the increase in the shipment of under-screen fingerprint sensors for use with AMOLED phone displays. IHS Markit estimates that in 2021, global AMOLED mobile phone shipments will grow to 650 million units (annual growth rate of 8% ), and the shipment of smartphones equipped with fingerprint sensors will reach 1.29 billion units (penetration rate of 90% or more),

In addition to smartphones, fingerprint recognition is a huge opportunity for multiple applications in mobile devices, mobile payments, automotive electronics and financial smart cards and so on. The Company has been dedicated to the fingerprint recognition technology for years. Aside from designing fingerprint recognition chips, it has self-developed algorithms and more than 100 patents in the fingerprint recognition domain. The Company ranks among vehicle electronics suppliers.

In response to the development trend of the full screen, the fingerprint recognition solutions under the screen can increase the proportion of screens, and all manufacturers are eager to invest in R&D. Based on the long-term accumulated fingerprint recognition capabilities, the Company recruited new R&D teams and technology partners to develop optical fingerprint recognition chips, and made significant progress. At the same time, the Company has cooperated with customers to import fingerprint recognition solutions under the screen to customers' products.

The Company has also launched the R&D of 3D Depth Map sensing technology based on time of flight (ToF), while at the same time developing a more cost-effective wafer solution than the existing technology in the market, which will be more favorable to channel customers to product applications and accelerate the time to market.

The product line of the biometric recognition chip of the Company will continue to follow process evolution and move towards high-resolution, high-recognition rate and multi-

specification. It will develop new applications and forms, and expand the field of applications in meeting customer demands, thus maintaining the long-term industrial competitiveness of the Company. The future trend of hardware design will make further efforts towards environment protection in the areas of saving energy and reducing carbon and the Company will work with upstream and downstream manufacturers to develop products that match this goal, while fulfilling its corporate social responsibility.

Chairman: LO, SEN CHOU

General Manager: RO, SHIH-HAO

Accountant-in-charge: Kathy Huang

[Exhibit 2]

## **Auditors' Report of Audit Committee**

It is hereby approved that

The Board of Directors delivered the Company's parent-company-only financial statements and consolidated financial statements, business report and earnings distribution table for the year of 2020, among which the parent-company-only financial statements and consolidated financial statements for the year of 2020 had been audited by CPAs Steven Shih and Hui-chen Chang from KPMG Taiwan, and an audit report had been accordingly issued.

All the tables prepared by the above-mentioned Board of Directors are considered no discrepancy after being reviewed by the Audit Committee. In accordance with the provisions of Articles 14(4) of the Security Exchange Act and Article 219 of the Company Law, the Report is subject to inspection.

2021 Annual General Meeting of Egis Technology Inc.

Audit committee convener: WENG, MING-JENG

March 16, 2021

[Exhibit 3]

## Independent Auditors' Report

To the Board of Directors of Egis Technology Inc.:

### Opinion

We have audited the accompanying parent-company-only financial statements of Egis Technology Inc. (the "Company"), which comprise the balance sheets as of December 31, 2020 and 2019, and the statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent-company-only financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2020 and 2019, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

### Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the parent-company-only Financial Statements section of our report. We are independent of the Company in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent-company-only financial statements of the current period. These matters were addressed in the context of our audit of the parent-company-only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Company's parent-company-only financial statements for the year ended December 31, 2020 are stated as follows:

1. Impairment of goodwill

Please refer to Note 4(m) "Impairment of non-financial assets" for the significant accounting policies on goodwill impairment, Note 5 "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of goodwill impairment and Note 6(j) "Intangible assets" for the related disclosures.

Description of key audit matter:

For impairment test, the recoverable amount of goodwill of relevant cash-generating units involves management's judgment and estimation with respect to the future cash flows and key assumptions which are complex and involve significant uncertainty. Accordingly, the assessment of impairment of goodwill has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included: obtaining the assessment of goodwill impairment provided by the management; assessing the appropriateness of the valuation model and key assumptions, including the discount rate, expected sales growth rate and future cash flow projections, used by the management in measuring the recoverable amount; and assessing the adequacy of the Company's disclosures with respect to the related information.

2. Valuation of inventories

Please refer to Note 4(g) "Inventories" for the significant accounting policies, Note 5 "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of inventory valuation and Note 6(e) "Inventories" for the related disclosures.

Description of key audit matter:

The inventory of the Company is primarily the biometric fingerprint touch sensor to be integrated into the mobile phones and electronic products of the customers. Inventories are measured at the lower of cost and net realizable value. With the rapid development in technology, the advance of new mobile phones and electronic products may significantly affect customers' demands, which can lead to the obsolescence of the Company's inventory that may result in the cost of inventory to be higher than its net realizable value. Consequently, the valuation of inventories has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included: obtaining the inventory aging report; analyzing the fluctuation of aging inventory and selecting samples to verify their accuracy; inspecting the sales status of inventories during the subsequent period; evaluating whether the valuation of inventories was accounted for in accordance with the Company's accounting policies.

**Responsibilities of Management and Those Charged with Governance for the Parent-Company-Only Financial Statements**

Management is responsible for the preparation and fair presentation of the parent-company-only financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of parent-company-only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent-company-only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the Audit Committee, are responsible for overseeing the Company's financial reporting process.

#### **Auditors' Responsibilities for the Audit of the Parent-Company-Only Financial Statements**

Our objectives are to obtain reasonable assurance about whether the parent-company-only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent-company-only financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent-company-only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, base on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent-company-only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent-company-only financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the investee companies accounted for using equity method to express an opinion on this parent-company-only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent-company-only financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Wei-Ming Shih and Hwei-Chen Chang.

KPMG

Taipei, Taiwan (Republic of China)  
March 16, 2021

#### **Notes to Readers**

The accompanying financial statements are intended only to present the parent-company-only financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such parent-company-only financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' report and the accompanying parent-company-only financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' report and parent-company-only financial statements, the Chinese version shall prevail.

## Independent Auditors' Report

To the Board of Directors of Egis Technology Inc.:

### Opinion

We have audited the consolidated financial statements of Egis Technology Inc. (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated balance sheets as of December 31, 2020 and 2019, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2020 and 2019, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IASs"), interpretations as well as related guidance endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

### Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were significant in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Group's consolidated financial statements for the year ended December 31, 2020 are stated as follows:

#### 1. Impairment of goodwill

Please refer to Note 4(m) "Impairment of non-financial assets" for the significant accounting policies on goodwill impairment, Note 5 "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of goodwill impairment and Note 6(k) "Intangible assets" for the related disclosures.

Description of key audit matter:

For impairment test, the recoverable amount of goodwill of relevant cash-generating units involves management's judgment and estimation with respect to the future cash flows and key assumptions which are complex and involve significant uncertainty. Accordingly, the assessment of impairment of goodwill has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included: obtaining the assessment of goodwill impairment provided by the management; assessing the appropriateness of the valuation model and key assumptions, including the discount rate, expected sales growth rate and future cash flow projections, used by the management in measuring the recoverable amount; and assessing the adequacy of the Group's disclosures with respect to the related information.

2. Valuation of inventories

Please refer to Note 4(h) "Inventories" for the significant accounting policies, Note 5 "Critical accounting judgments and key sources of estimation uncertainty" for estimation uncertainty of inventory valuation and Note 6(e) "Inventories" for the related disclosures.

Description of key audit matter:

The inventory of the Group is primarily the biometric fingerprint touch sensor to be integrated into the mobile phones and electronic products of the customers. Inventories are measured at the lower of cost and net realizable value. With the rapid development in technology, the advance of new mobile phones and electronic products may significantly affect customers' demands, which can lead to the obsolescence of the Group's inventory that may result in the cost of inventory to be higher than its net realizable value. Consequently, the valuation of inventories has been identified as one of the key audit matters.

How the matter was addressed in our audit:

In relation to the key audit matter above, our principal audit procedures included: obtaining the inventory aging report; analyzing the fluctuation of aging inventory and selecting samples to verify their accuracy; inspecting the sales status of inventories during the subsequent period; evaluating whether the valuation of inventories was accounted for in accordance with the Group's accounting policies.

**Other Matter**

The Company has additionally prepared its parent-company-only financial statements as of and for the years ended December 31, 2020 and 2019, on which we have issued an unqualified audit opinion.

## **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, interpretation as well as related guidance endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the Audit Committee, are responsible for overseeing the Group's financial reporting process.

## **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercised professional judgment and maintained professional skepticism throughout the audit. We also:

1. Identified and assessed the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

5. Evaluated the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtained sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remained solely responsible for our audit opinion.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determined those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We described these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determined that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Wei-Ming Shih and Huei-Chen Chang.

KPMG

Taipei, Taiwan (Republic of China)
