February 2022 Revenue

Egis Technology Inc. (6462:TWO) reports monthly revenue of NT\$224mn for February 2022, a decrease of 22% from January 2022, and a decrease of 40% from February 2021.

Revenue for the year through February 2022 totaled NT\$512mn, a decrease of 28.2% compared to the same period in 2021.

February revenues fell sequentially due to the fewer working days, but we do expect revenue momentum to pick up more noticeably in the coming weeks on the back of new model launches.

Lastly, we will host our 4Q21 earnings conference call (webcast) during the week of March 21st, further detail will be released soon.
